

**A NATIONAL CELEBRATION**

**OF INNOVATIVE LEARNING**

**COMES TO KANSAS CITY IN MAY 2021**

*and you're invited!*

**ARTS | MAKER | OUTDOOR LEARNING | TECHNOLOGY | SCIENCE | YOUTH VOICE**

Remake Learning Days Across America is a festival of innovative experiences where families can get creative, become confident, and be curious together. **Kansas City joins the fun for the first time in 2021 as one of 16 participating regions across the country.**

Remake Learning Days-Kansas City will take place **May 1-10, 2021**, with innovative learning events hosted by organizations large and small (in person, online or hybrid as needed) throughout the Greater Kansas City region.

This family-friendly festival will shine a light on how much Kansas City has to offer youth of all ages, with free or low-cost activities from local schools, arts organizations, community centers, museums, libraries, tech and engineering companies and more.

Remake Learning Days-Kansas City is a community-wide project that emerged from [Kansas City's STEM learning ecosystem](#) with KC STEM Alliance providing organizational support. A planning committee and three sub-groups are working together to make it all happen!

### QUESTIONS

Contact Callen Fairchild Zind at [czind@kcstem.org](mailto:czind@kcstem.org) or 816.564.9511.

### PLEASE JOIN IN!

A goal for this first-year event is to announce by mid-February 50+ free or low-costs events or experiences for families to enjoy together.

### MINI GRANTS

Mini-grants are available to help YOU host an event or partner with another organization to offer an activity at another location.
